1. Create a separate style.css file for all the css styling.
2. Save the assets(css and image) in a folder named 'assets'.
3. Add to Cart should be a button and cursor should be a pointer(hand) when you hover on it.
4. Button background style should be gradient(can choose any color) and not image.
5. Font family = Inter (Google fonts).
6. Note on boxes, it should be rounded corners (use css).
7. Note that the size of the boxes are not the same. You should also follow the design.
8. Maximum container width = 1140px.
